

# It's easy to find a network provider online

Blue Shield's provider networks are among the largest in California, making it likely that your doctor and any specialists you need are already in our network. To search for a network provider online, follow the steps below.

## How to find a network provider

- It's fast and easy to find a network provider online.
  - For HMO providers: Go to [blueshieldca.com/networkhmo](https://blueshieldca.com/networkhmo).
  - For PPO providers: Go to [blueshieldca.com/networkppo](https://blueshieldca.com/networkppo).
- Click on *Advanced Search* to further filter your search, such as by name, specialty, facility type, and more.
- Enter your city and state or ZIP code, then click on *Find now*.

## Finding an HMO Personal Physician

To search for a Personal Physician (primary care physician), select "Doctors" as your provider type. Then, click on *Advanced Search* and choose *HMO Personal Physicians* under "Doctor Type or Specialty." Click on the physician's name to find the provider number and medical group/IPA number (needed when you enroll in the Access+ HMO® plan for the first time). Before you choose a Personal Physician, make sure the one you choose is accepting new patients by calling the physician's office.

## Find out your provider's quality of care rankings

On [blueshieldca.com/findaprovider](https://blueshieldca.com/findaprovider), you can easily access quality scores, efficiency indicators, patient satisfaction scores, and cost information for individual physicians and hospitals. To see a provider's performance profile, simply click on the name of the doctor, HMO medical group, or hospital from your search results.
